
PRESIDENT'S CHALLENGE - 2008

Rotary Club of Newlands donates moneys to various causes and projects by going through a rigorous process of oversight and checking. Thus we ensure that our benefit funds are wisely used and not "wasted" on frivolous expenditure. However the drawback of this system is that it is intimidating for a member to go in front of a committee to champion their just cause with the request for money. Resulting in a few bold members championing most projects and also the club being left with excess funds at the end of each Rotary year.

The President issued a challenge to each Newlands Rotarian to go out and find a project or worthy cause to the value of R5 000, The challenge has given the club members a better feeling for spending money rather than continually raising money.

Eureka Youth Centre Capacitor training for teachers
Friends of Rondebosch Common. Sponsored to print a booklet on the common
Rondebosch Police Trauma Centre
Woodstock Police Trauma Centre Blankets Nappies
